## PRESS RELEASE

For immediate release: 22<sup>nd</sup> October

### Vallair Group appoints Pascal Parant as Chief Commercial & Marketing Officer

**Luxembourg/Barcelona October 22<sup>nd</sup>, 2024:** [Vallair](#), the multi-disciplinary MRO and mature aircraft asset specialist, has appointed experienced industry figurehead, Pascal Parant, to the role of Group Chief Commercial & Marketing Officer. Parant joins at a significant time in Vallair's evolution as the Group expands its reach in aerospace and mobility.

Grégoire Lebigot, President of Vallair Group, comments: "It is a great privilege to welcome Pascal to the Vallair Group, he brings a depth of experience and industry knowledge that will not only help to guide and inspire our team, but also shrewd commercial insights as we embark upon an ambitious journey of expansion and innovation."

Prior to joining Vallair Group, Parant served as Vice President Corporate Marketing at AAR Corp, a company he joined in 1999 and where he held several positions across MRO, parts trading, aircraft and engines sales & leasing. This industry focus has enabled Parent to establish long-term relationships with airlines, lessors, MROs and OEMs.

An industry stalwart, Parant is currently Executive Vice President of USAIRE, the aviation business club which comprises an association of European and American member companies focused on aerospace and advanced technologies. This appointment followed his five-year term as President, a position he assumed in 2014.

Parent was also a board member of Air Méditerranée, a French charter airline from 1997 to 2016. He is a Fellow of the Royal Aeronautical Society (FRAeS), and a graduate of the French aeronautical school ESTACA.

Vallair is an aviation company with facilities in Luxembourg, Châteauroux and Montpellier in France. It provides integrated support for mature aircraft, engines, and major components. Seven complementary business units are founded upon engineering excellence: trading & leasing, cargo conversions, aircraft MRO, engines, aerostructures & painting, material management and aircraft disassembly. These offer aircraft operators and owners worldwide cost-effective solutions to extend the life of their assets or dispose of them in an economically beneficial and environmentally acceptable way. Vallair is a leading player in the cargo conversion, trading, and leasing of narrowbody, widebody and regional aircraft.
